pedestrian protection

BARRIER

Pedestrian protection **barrier**

Verge is a pedestrian protection barrier designed to create a safe and attractive segregation between vehicle traffic and pedestrian walkways. This sturdy construction offers a high level of safety and orderliness in the working environment. The surface mounted structure is available in either 1m and 700mm high and 4 length options [2m, 3m, 4m and 5m] to accommodate all applications.

What makes Verge unique in the market place is the adaptability of the modular handrail bringing compliance into the workplace.

Where Verge is required

- ⊕ Freight Terminals
- ⊕ Warehouse application
- ⊕ Production areas
- ⊕ Shopping centre car parks
- ⊕ Loading docks
- ⊕ Hospitals
- ⊕ Food and wine industries

Why Verge is the global choice

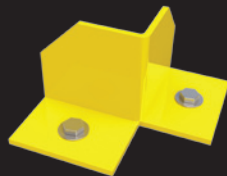

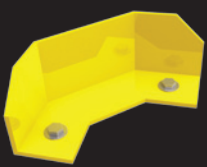

- ⊕ OH&S Acceptance
- ⊕ Superior strength and finish
- ⊕ Fully modular
- ⊕ Optional lengths to suit all requirements
- ⊕ Accessory options
- ⊕ Flat pack
- ⊕ Ease of installation
- ⊕ 5 years warranty

V-rail™

V-rail is a modular handrail attachment providing a compliant 1m high handrail to the walkway side of the verge pedestrian barrier. The purpose of V-rail is to create an ultimately safe passage offering support and assistance as well as a grab point in a trip incident. V-rail is essential for escape routes, to protect and guide when visibility is an issue in the event of power failure, fire, and emergency evacuation.

V-stop™

100mm x 100mm x 8mm floor fixed heavy duty angle designed to prevent pallets and forklift tines from protruding into the designated walkway.

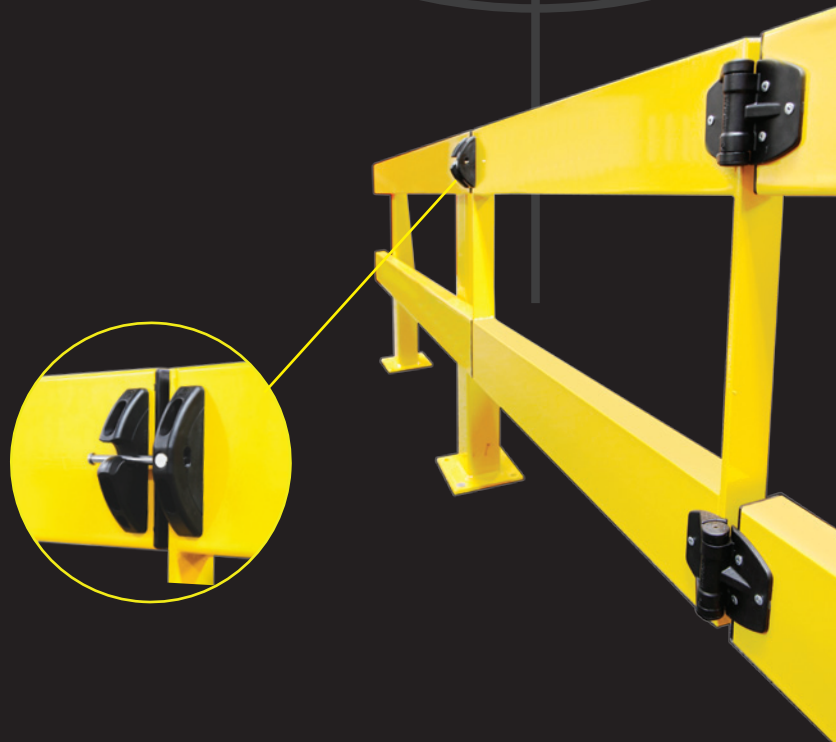

● External floor angle

● Internal floor angle

V-gate™

Self-closing gate attachment giving you a continuous secured barrier and providing access points where required.

These gates can be placed in areas of general access or positioned for the access of plant and equipment for maintenance or replacement purposes.

Verge barrier kits

VBK70-2 Verge barrier kit 700mm H x 2000mm L

VBK70-3 Verge barrier kit 700mm H x 3000mm L

VBK70-4 Verge barrier kit 700mm H x 4000mm L

VBK70-5 Verge barrier kit 700mm H x 5000mm L

VBK10-2 Verge barrier kit 1m H x 2000mm L

VBK10-3 Verge barrier kit 1m H x 3000mm L

VBK10-4 Verge barrier kit 1m H x 4000mm L
